Nation's Holiday Period Death Toll On Highways Mounting

Long Memorial Day Week End Toll Is Over 200

Traffic And Other Accidents In Nation Taking Heavy Toll

(BULLETIN)

International News Service

The nation's toll of dead in accidents during the long Memorial Day weekend approached the 250 mark today with the holiday only half completed.

A survey by International News Service listed 231 persons dead, 164 of them in traffic crashes. The other dead including drowning victims, a man killed when struck by lightning in an Arkansas railroad yard, and a ten-year-old boy dragged to death by a horse in Utah.

The nation's death toll for the long Memorial Day week end passed the 200-mark today at the halfway stage of the four-day holiday.

Traffic accidents accounted for 149 fatalities as an estimated thirty million motorists took to the highways to enjoy the extended holiday.

Drownings accounted for 36 other deaths, and miscellaneous accidents for 27 other fatalities.

Ned Dearborn, president of the National Safety Council, forecast that 290 persons would be killed in traffic accidents over the holidays.

One cheering note he added the somewhat cheering note that the death toll this year probably would not be as great as last year when Memorial Day fell on a Monday.

Dearborn pointed out that many persons will have to return for the week end to go to work today and probably will not take to the road again on Memorial Day tomorrow.

The nation's highways were jammed Friday night and Saturday as motorists got off to an early start to enjoy generally pleasant weather forecast for the holidays.

Traffic accidents mounted considerably last night as many vacationists started homeward. Millions more, however, are taking (Continued on Page Eight)

New Castle and Lawrence county's annual display of spruce is now much in evidence. Thousands of the bushes around the city and county are now showing their multitude of white blossoms.

Mrs. Mary Matthews, 703 West Clayton street, found 18 four-leaf, six five-leaf and an eight-leaf clover in her back yard Saturday afternoon. The eight-leaf clover is a perfect double four-leaf, Mrs. Matthews reports.

A total of 1,133 high school seniors will have received diplomas this week when city and county commencement services have drawn to a close, it is learned. Of this number, 701 seniors were in the New Castle high and Ellwood City graduating classes, while the other 432 were found in township classes.

Returning from Youngstown Sunday evening, via bus, Pa New discovered that traffic between New Castle and the Ohio city over 422 was one solid mass with very few breaks in the constant stream of traffic. The cars were part of the Memorial day weekend travel.

Rose bushes about the district are preparing for one of their best June shows. Most bushes are filled with buds indicating that the display this year will be an exceptionally good one, once it gets started.

Plane Load Of 29 Persons Is Terrorized

FRESNO, Cal., May 29.—(INS)—A suicide watch was kept at Fresno county jail today over a war veteran who terrorized a plane load of 29 persons high above central California by waving a loaded gun for more than 30 minutes and threatening to "kill you all."

The war veteran, John O'Reilly, 26, a gear grinder in a Los Angeles aircraft plant, was seized after the airliner made an emergency landing at Fresno's Hammer field yesterday. He faced a psychiatric examination because of his strange behavior that imperiled the plane and its occupants.

The sheriff's office said all necessary precautions were taken to prevent any possible attempt by the prisoner to kill himself in his cell.

O'Reilly, who served four years overseas with the air force, was still flourishing his .25 caliber automatic when he was captured without a struggle by two deputy sheriffs who met the California Central Airlines plane as it landed.

The lie detector machine already has arrived at Wormwood Scrubs prison, where Dr. Fuchs is serving a 14-year jail term for handing over A-bomb secrets to Russia.

Tension Eases In Berlin After Rally Of Youth

Expect Thousands Of Demonstrators Will Leave Today

By KINGSBURY SMITH
BERLIN, May 29.—Tension eased today in Berlin where a communist youth rally which once threatened a "putsch" against the western area entered its final day, apparently confined to slogan-shouting in the Soviet sector.

Nevertheless, occupation authorities ordered American, British and French troops to remain on a "combat alert" until the hundreds of thousands of demonstrators leave the former German capital.

A torchlight parade is scheduled for tonight to wind up what western officials labeled a communist "propaganda circus."

Mayor Ernst Reuter of western Berlin said the peaceful developments yesterday when the legions of rain-soaked communist youth marched through the eastern sector for eight hours, constituted a "decisive defeat" for the east.

Outcome "Historic" Jack Kaiser, minister of all-German affairs in the west German federal republic, said the outcome was "historic."

He recalled the boast of communist youth leader Manfred Weigand, who three months ago said: "By Whitsunday all Berlin will be ours."

Kaiser, in a radio broadcast, said the demonstration was arranged to "intimidate Berlin's inhabitants". He added:

"Berlin did not allow itself to be scared. Lifting of the blockade was the first defeat inflicted on communism. And the planned Whitsunday provocation has become a meaningful demonstration before the watchful eyes of the world."

Western Powers Firm Occupation authorities attributed the peaceful outcome of the parade by an estimated half million (Continued on Page Seventeen)

"People are inverting values," he said. "As graduates you may believe that the world wants you to be a huge success. But instead, you should seek the Kingdom of God—become firm and useful men and women—not boasters."

"As Catholic graduates step into the world," he continued, "they must be on the alert. The world (Continued on Page Seventeen)

With stately tread and graven mien, and mortar boards askew, they'll walk across the stage tonight, their high school days are through. No more the tricky Latin verb, no more the Spanish noun, nor lab experiments to work, no math to get them down. Or will they get some more of that when autumn comes their way, you know they will, and harder too, it's eighty-one today.

Russia Is Not As Yet Ready For Hot War

WASHINGTON, May 29.—(INS)—Failure of east German communist youth to attempt invasion of west Berlin convinced diplomats today that Russia is not yet prepared to face a hot war.

Officials said they were convinced that the proclaimed determination of the western powers to stop any Whitsonide demonstration in their zone with gunfire if necessary called the communist bluff.

The decision was made originally in the United States but was stiffened by the unanimous agreement of the big three powers at their London meeting.

Originally the bulk of the 500,000 members of the east German youth group who participated in the demonstration in the Soviet zone announced plans to invade the western areas.

The fact that they did not has convinced diplomats that it is unlikely that the Russians directly or indirectly will resort to force to take over the entire German capital.

Re-dedication on This
Re-dedicate on This

Decoration Day is a day for a flag, and a band, and flowers on a grave. But this year it is something much more than that.

It is a day to re-dedicate ourselves to every basic American principle, and to the full realization that we are but poorly occupying the position of world leadership that events have thrust upon us.

Such a re-dedication on the part of the citizens may inspire our statesmen to find the path toward honorable peace rather than atomic warfare and millions more graves of war dead.

VERA JESSEL WEDS RUSSELL PETERSON

Trinity Episcopal church was the setting for the marriage of Miss Vera Isabelle Jessel, and Russell LeRoy Peterson on Thursday, May 25, at 7:30 p.m.

Rev. Fr. Ralph E. Hovencamp solemnized the impressive ceremony, using the double ring service. Vases of white snapdragons, calla lilies and clobitium ferns were the attractive altar decorations.

The bride is the daughter of Mrs. Florence S. Jessel of 1028 Maryland avenue and the late Edwin M. Jessel. Mr. Peterson is the son of Mr. and Mrs. Clark E. Peterson of 636 John street.

For the ceremony the bride wore a gown of white marquisette with matching mitts and an illusion fingertip veil. She carried a prayer book adorned with lily of the valley and a white orchid and wore the traditional sixpence in her shoe. Her uncle, Walter H. Jessel, gave her in marriage.

Maid of honor Miss Patricia Jessel and bridesmaid Miss Beverly Lundy were in matching pink and blue marquisette gowns styled with colonial drop shoulders. Harmonizing hats of nylon net and flowers and colonial bouquets of yellow roses and daisies were charming accompaniments.

Calvin Martin attended the groom as best man. Ushers were Plennie Preisel, Robert Stoner and James Parish.

Miss Isabel Johnson played appropriate nuptial music at the organ and accompanied Franklin R. Rice when he sang "O Perfect Love." "The Lord's Prayer" and "Panis Angelicus."

Immediately following the ceremony a reception for 150 guests was held in the Guild room of the church. Mrs. Martha McNally and Mrs. Dorothy Clara poured at the reception. Mrs. Lois Arnold cut the cake.

Later, Mr. and Mrs. Peterson departed for a wedding trip to an unknown destination. When they return they will be "at home" in

their newly furnished apartment 807 Butler avenue.

The newlyweds are both graduates of New Castle senior high school, he with the class of 1947 and she with the class of 1949. Mr. Peterson is employed in the shipping department of the Republic Steel company, Youngstown, O.

An anniversary dinner highlighted the meeting of the Mahoningtown Garden club on a recent evening. Members gathered at a New Wilmington tearoom for the occasion.

Third Church Plans To Have Outdoor Camp

Third U. P. Bible school has practically everything in readiness to open a new type of daily vacation Bible school this year.

For many years project has been operated on a regular school basis, but this year, with the approval and cooperation of the entire board of religious education, the workers have consented to pioneer in a new type of instruction, namely, a daily vacation Bible school day camp.

This type of project may have been used in other localities, but not in this area. It will, of necessity, require more and very reliable supervision, and the staff members have been receiving special training for the past several weeks.

All activities (weather permitting) will be held out of doors, where the children will benefit from fresh air and sunshine after their confinement to classrooms during the school term.

Emphasis will be placed on the "Beauty of God in Nature", and all projects will be adapted to outdoor work. Classes in Bible, arts and crafts, nature study, and organized recreation will be offered.

The camp is scheduled to open June 5 and will continue daily through June 9. Set as early as this school is, it will not conflict with family vacations or other outdoor camping projects the children may wish to attend.

The entire group will meet at the church at 8:30 a. m., where the roll will be checked, and then the group will be transported by bus to Cascade park, separate into age units for study and crafts.

Lunch will be in the various units at noon, a rest period observed, and further study in the afternoon. Following a closing service by the entire school, the children will be brought back by bus to the church for final dismissal.

Arrangements have been made to have indoor sessions in case of bad weather. Because of the type of material being used in the school this year it will be necessary for parents to enroll their children in advance of the opening date. Registration cards may be obtained at the church office as well as additional information concerning this venture.

As in past years the offering received will be given to a worthy missionary project which will be selected by members of the school.

Local Student At Grove City Honored

Jerry Anderson, son of Mr. and Mrs. E. A. Anderson, of 728 Cleveland avenue, a Sophomore at Grove City college, has been honored by being named vice president of the Junior class for next year. He was also recently elected business manager for "The Oija," the college year book for 1951.

Jerry has been on the Oija staff during the past year, and is advertising manager for the school newspaper, "The Collegian." He is a member of the Adelpheos Fraternity. He is majoring in business administration and accounting.

YOU SHOULD KNOW

Graduation time is at hand and one of the proudest groups of graduates are the 12 members of the Citizenship Class.

This class meets once a week at the Y.W.C.A. with one objective—to become citizens of the United States.

Their studies and training are supervised by Mrs. Roy A. Long. She is proud of the fact that the entire Spring class has passed their examination. This "final exam" is given at the Court House by one of the judges.

There is no charge for attending the Citizenship Class. It is a free community service of the Y.W.C.A., one of your Red Feather Agencies in the Community Chest. If you are interested in the next Citizenship Class, stop at the Y.W.C.A., or call 6120.

College Aid Drive Ending

June 5 has been set as the closing day for the campaign for funds for the United Negro College Fund. Dr. James A. Gillespie said today.

Dr. Gillespie is the chairman of the Lawrence County committee. The purpose of the United Negro College fund is to raise \$1,500,000 to aid 32 Negro colleges throughout the United States. One of the colleges, Lincoln university, is located in Chester, Pa.

Many outstanding Americans have joined in this campaign to aid the Negro colleges, among them John D. Rockefeller Jr., Winthrop W. Aldrich, Thomas I. Parkinson and many others.

Locally the committee is composed of Dr. Gillespie as chairman, Raymond Williams, Gilbert Terry, William Weeks, Jerome Cooper, T. Stewart, Dr. George W. Garnett, Ernest Hill and William Wooten.

Persons wishing to contribute may send their checks made out to the United Negro College Fund and mail them to Dr. James A. Gillespie, 1192 West Washington street.

SANTA CRUZ, Cal.—The atomic age shows signs already of producing some startling statistics. Such as the 125 children who visited Santa Cruz recently by train. An instructor with the group learned that only ten per cent had ever been on a train but 75 per cent had been in a plane.

Learn-To-Swim Campaign Starts June 5 At YMCA

Dr. Frank L. Burton, superintendent of New Castle schools, today endorsed the YMCA Learn-to-Swim campaign for all youths ten years of age or older.

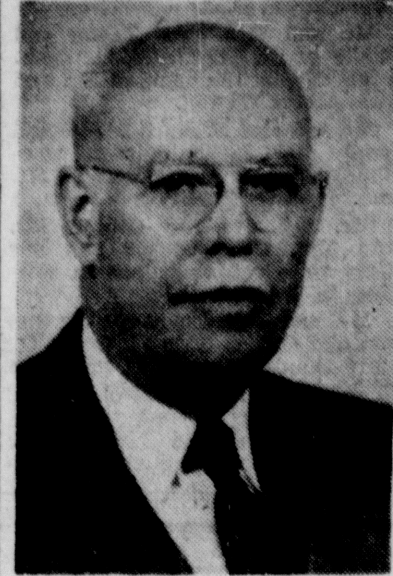

The annual program is designed to acquaint all boys with primary principles of water safety and swimming. Secretary Robert Meermans announced that this year will mark the 38th time that such a plan has been followed in New Castle.

A half-hour swimming instruction for ten days, June 5 to June 16, will be given under the direction of James Pears, Y aquatic director, and members of the senior life saving classes.

At the conclusion of the program, a hike and bean dinner will be given for all boys, and certificates and badges awarded to those who complete the requirements of the course.

Boys who are interested should clip the form below and send it to the YMCA.

Dr. Burton strongly urged all boys to take advantage of this opportunity to learn to swim.

DR. F. L. BURTON

The program is available to all boys, whether or not they are members of the YMCA.

Hundreds crowded the downtown Montreal area to watch the flames devour the building.

RIDGEFIELD, Conn., May 29.—(INS)—My advice to young people starting out this June with earnest determination to secure financial independence and to help our government in its efforts to promote a higher standard of living in our country and even throughout the world, is regularly to invest in U. S. Savings Bonds.

The payroll deduction plan in convenient for this and is a safe and commendable way to achieve a gratifying goal.

PASSAIC, N. J.—Ma could live an average of 120 years instead of the present 67.5, Dr. Thomas S. Gardner told members of the Chemical society last night. If scientists had \$3,000,000 for research, he said, they could double the life span possibly within ten years.

Drive Slow—Children Move Fast!

LOOKING AT LIFE (Continued from Page Four)

York don't hold even a small part of the tourists visiting the metropolis.

They don't know that out of the eight million New Yorkers, or five million Chicagoans, the vast majority are either at home reading their papers, listening to the radio, watching television, or in bed asleep.

I assure you that the number of slippers and house dresses worn in New York is proportionately just as great, or greater, as in Tamaqua, Penn., or Durant, Wis.

Let others rant and rave about our decadence and deterioration. I for one—and I trust you will join me—still believe in America. Perhaps we have a bit too much prosperity for our own good. Perhaps our dazzling show windows, our bright lights, our a-bit-too-vul-

gar display of wealth are misleading. Perhaps our smart-aleck press agents are putting too much emphasis on the wrong values.

But there are still many times as many churches as nightclubs; many times as many youngsters with ideals and ambition as those with hot-rod and delinquent parents; many times as many honest people as crooks; many times as many successes as bankruptcies. As anyone, mistaking this country for a country of degenerates, and decadents, would soon find out.

STATES EXTEND PARKS

CHICAGO—State park systems are growing. The Council of State Governments reports there now are 1650 state-owned parks and similar recreational areas, totaling more than 4,703,000 acres. Nearly all states plan to acquire more land for new or larger parks. The reason: Increase in leisure time of Americans.

Following the talk a social time and refreshments were enjoyed.

KEEP TIME with REDDY

Now you can get the correct time any hour of the day or night through the courtesy of Reddy Kilowatt, your electric servant.

The giant clock on our sign at the West Washington Street substation can be seen from many parts of town so just a glance in the right direction and you will have the time.

Best of all, you can be sure that it's always the correct time. Like your household electric clock this titanic timepiece is

powered by a synchronous motor. It is designed to keep in exact step with the generators at the power plant. Automatic equipment keeps the generators "on time" and the clock always on the dot.

Think of the clock as a symbol of the dependability of your electric service. Just as it goes on day after day, month after month, so your electricity is always ready and waiting. Whenever you flip a switch Reddy Kilowatt will leap into action to help you do the job easier and better.

Interesting Facts About the Sign!

The clock is 14 feet tall with hands 5 and 6 feet long. Reddy Kilowatt is 29 feet tall and the top of the clock is 88 feet from the ground. It is 63 feet wide and contains almost a quarter of a mile of neon tubing as well as 68 transformers and hundreds of feet of wiring.

Return Board
Finishes CountRepublicans Cast
About 50% Strength

Final returns of the official return board have been made in the county of the primary vote. The Democratic returns were published in Saturday's News.

Apparently the heaviest vote was cast for United States senate. In this race 15,049 votes were cast, about half the Republican registration in this county.

Following are the Republican returns: United States senate—James H. Duff 9031, John C. Kunkel 6018. Governor—John S. Fine 7211. Jay Cook 7551, Charles Scott Williams 808.

Lieutenant governor—Steele Clark 4972, George N. Wade 5549, Lloyd H. Wood 2932. This vote is apparently an indication of the little care voters sometimes pay to candidates. Lloyd H. Wood was the running mate of John S. Fine and was carried on the Duff-Fine ticket here. He finished last.

George N. Wade was carried on the Cooke ticket and finished high. Steele Clark is unknown here but apparently because he was first on the ballot he got a large vote, finishing second in the race in this county.

Secretary of internal affairs—Edwin M. Clark 3881, Joseph M. Stack 4627, William S. Livengood 5725.

State committee—Frank W. Hill was unopposed and received 12,067 votes.

Congress—Louis E. Graham 6762, Russell C. Hofmeister 5406, John N. Gazetos 1572, Edwin E. Deal 593.

General Assembly, first district—Patric F. Cosgrove 1138, Robert M. White 2nd 2737, Frank Aquaviva 1091, Harry Clayton Davis 1245, James C. Brice 1678.

Two Convicts
Dead; Four More
Critically Ill

MICHIGAN CITY, Ind., May 29.

—(INS)—Two convicts are dead and four others are in critical condition today at Indiana State Penitentiary after swallowing a lethal potion, believed to be typewriter cleaning fluid.

Warden Alfred Dowd said the typewriter cleaner was sold to men inside the prison and added:

"Some of these prisoners will drink anything—grain alcohol, wood alcohol, even if it is marked on the bottle."

The warden said the six prisoners became violently ill Saturday night. Henry Hurst, 54, of Evansville, serving a burglary sentence, and Kenneth Kestler, 42, of Jeffersonville, serving a life term for murder, died Sunday.

**What do you think
of Personal?**

Mrs. J. G. "I like the neighborliness of the Personal people. Nothing's too much for them. And they always have a smile for you. The loan was made our way—and quickly, too."

Mr. C. M. "I liked the fact that my good name meant as much to the Personal manager as it does to me. His respect for my honesty and his prompt 'yes' made a big hit with me. And no outsiders were involved—just my wife and I."

These typical comments represent how most of the million customers we served last year feel about Personal. And we try to live up to this high regard by making your visit to Personal as pleasant and simple as possible.

Don't borrow unnecessarily. But if a loan will be helpful, come where your chances are best. At Personal, it's a prompt "yes" to 4 out of 5. Just come in, phone, or write today.

Dionne Quintuplets Have 16th Birthday Celebration

CORBEIL, Ont., May 29.—(INS)—The Dionne quintuplets returned to their studies today with a new maturity befitting young ladies who have turned 16—the age at which their mother was married.

The five strictly chaperoned girls celebrated their birthday last night with their family and several Roman Catholic priests at the \$75,000 home the quintuplets built in the central Ontario town of Corbeil. They wore ankle-length gowns of rose taffeta with three-quarter sleeves and corsages of roses sent by a California admirer who has thus honored every birthday of the dark-haired girls.

Marie, the smallest, sang while her sisters took turns at playing the piano.

Becoming More Attractive Friends said the sisters have lost some of their earlier plumpness and are becoming more attractive.

Yesterday morning, accompanied by their mother and father and ten girl school chums, Cecile, Yvonne, Annette, Emilie and Marie attended mass in their private chapel.

Each of the girls was given an emerald-green ring by papa Oliva Dionne.

The home resounded with happy squeals throughout the day as the girls unwrapped presents and read congratulatory messages from all over the world.

Under strict parental supervision the girls have attended dances in the Dionne home and papa Dionne says they "dance very well".

North Street Group Visits City Airport

Not everyone can have the opportunity to visit our local airport and be taken on a personal tour of the hangars.

Students of the special education class of the North Street school, with their teacher, Mrs. M. Ficus, enjoyed the privilege of visiting the New Castle Airport on a recent afternoon.

Findley C. Wilson, training pilot of the airport, showed parts and explained the mechanism of the Stinson flying station wagon. Taking the group into a hangar, Mr. Wilson discussed the work of the training planes, with the National Guard plane being on display at the time. The students were also fascinated with seeing a large seaplane.

Later, the boys and girls saw a pilot take off for a trip to Harrisburg. Directing the class to the office, Mr. Wilson explained the air maps and demonstrated the route that would be taken by the plane to Harrisburg.

Back at the school the pupils checked the new words they had learned on the trip and used them in sentences. They then sold tickets at their own class "airport."

The day's excursion was possible with money earned by the group in making projects in class.

Rome Diplomat Is Given Honor

Dr. Enzo Balasco Addresses Societies

An Italian diplomat, Dr. Enzo Balasco, Italian counselor of Pittsburgh and diplomat from Rome, was the guest of honor at an elaborate Sunday evening banquet sponsored by the Italian-American fraternal organization. The event was held in the Hotel New Penn.

Starting at 7 o'clock, with a sumptuous dinner, the affair was well attended and elaborate. Anthony Marino gave the invocation. Representatives from local societies were present to pay tribute to this distinguished guest.

Raymond Peluso, chairman of the dinner, turned the session over to Angelo Casacchia upon completion of the meal. The welcome to Dr. Balasco was given by Joseph Medure.

The various lodge representatives were introduced and then the counselor, Dr. Balasco, was called upon to speak. Dr. Balasco, a learned diplomat from Rome, gave a most inspiring talk, dwelling on democracy. He spoke of the Italian-Americans in this country and urged their loyalty to America, above all. He stressed the importance of being good citizens.

Briefly the speaker touched upon the subject of the new Italy which has submerged following

the chaos of World War II. During the afternoon the guest visited the local lodges in the city.

In behalf of the organization, Mr. Peluso presented a pen and pencil set to the guest of honor. He accepted and responded graciously.

Other speakers, who made remarks, included Al Scarazzo, Judge F. Anzietoli, of Youngstown, Angelo Casacchia, Rev. Fr. Sebastian Ippolito, Raymond Peluso, Joseph Medure, Francis Augustine, John P. Corio and Dr. Frank Ferranti of Pittsburgh.

Societies who participated in the event, making it a great success, included Casa Savola, King Humbert, Christopher Columbus, Armando Diaz of West Pittsburg, St. Margaret's Duca Delgi Abruzzi, St. Lucy's of Hillsville, Sons of Italy, Rinascenta, Wolves and Unione Calabro.

That's a leather binder Charley Hess is working on...one of many bought by Bell Telephone each year to hold and protect the various records essential to good telephone service.

This helps to illustrate the wide variety of Pennsylvania-made products used regularly in the operation of this industry.

Last year alone Bell Telephone

did business, as a buyer, with some 2,000 Pennsylvania companies, in more than 200 communities. This helped provide work and wages for countless skilled people throughout the state.

Any way you look at it, the successful operation of the telephone business means a great deal to the steady employment of a great many Pennsylvanians, both in and out of the telephone industry.

Civic Opera Site For Pittsburgh

PITTSBURGH, May 29.—(INS)—City Council today probably will approve location of Pittsburgh's \$1,500,000 Civic Light Opera site in Schenley Park.

The proposed amphitheater will have a fan-like roof which will shield the stage and audience when it rains. Parking space will be available for 1,000 automobiles. City Solicitor Anne X. Alpern said she will begin a test case in court to decide whether the city may appropriate \$500,000 for construction cost. Another legal obstacle is a taxpayer's suit to determine whether the city may erect a theater in a city park and then charge admission in violation of the grant provisions.

The operation will take place as soon as her condition permits. Meanwhile, work on a picture in which she was starring, "I'll Get By", has been suspended at 20th Century-Fox until she recovers.

This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Cascade Park Opens Tuesday

Recreation Center Ready For Season

Dolled up in all its natural beauty, Cascade Park, this city's recreation and amusement center, will be thronged by thousands when the 1950 picnic season formally opens Memorial Day, which is Tuesday. On Memorial night there will be a fireworks display, according to Superintendent Chris Coulthard.

Some of the buildings have been painted an inviting white and green, the trees are heavy with green foliage, grass plots have been mowed and flowers transplanted in various beds throughout the park.

Concessionaires have completed plans for operating Rainbow Terrace or the dance pavilion, boats on Cascade lake, dodge-em, skee ball device, shooting gallery, tumble-bug, airplane ride, merry-go-round and ponies will be available for kiddies to ride.

In addition, novelties may be obtained at stands; likewise, frozen custards, dinners and the well-known hot dog at the restaurant, double-jointed peanuts at Billy Glenn's, and refreshments at a stand in the grove.

A dozen rowboats and two commodious boats propelled by outboard motors will operate at the lake, near which is a green plot where children can romp freely without danger of accident.

The playground equipment already has been placed. The new fun house is under construction, and a 750-foot long roller coaster is also planned for the park.

Back In County After 27 Years

Visits Ellwood City After Long Absence Residing in Norway

L. J. "Andy" Anderson is back in Lawrence county after an absence of 27 years.

More specifically, he is back to visit Ellwood City, which, after that long absence of 27 years still stands out as Mr. Anderson's choice of American cities. Twenty-seven years residence in Norway only served to sharpen his yearning to come back.

And so today he is back, seeing the old places, visiting old friends, reliving the days of the early "twenties".

Here in 1905

Mr. Anderson was educated as a mechanical engineer and came to the United States in 1905. For a time he worked in Paterson, N. J., and then went to Altoona, where he spent four years in the mechanical engineer's office of the Pennsylvania railroad.

Here he met a young lady from Hollidaysburg, the county seat of Blair county, and shortly they were married.

About 1912 he and Mrs. Anderson moved to Ellwood City, where he worked as a mechanical engineer under the late R. C. Steifel. World War I broke out and Mr. Anderson was sent to Detroit by Mr. Steifel designing seamless tube for the armed forces.

The war over he returned to Ellwood City, this time to the Standard Engineering company, and purchased a home on Pittsburgh Circle.

Returned to Norway

In 1923 tragedy struck. His wife died and Mr. Anderson decided to return to Norway.

His skill as a mechanical engineer was not in demand in Norway, due to lack of industries and he decided to start a manufacturing business himself. He developed an unusually fine grade of carbon paper and started producing it. Today it is known and used all over Norway.

After being back in Norway for a time he met and married a young Russian lady from Tiflis. She is with him on his return to the United States.

They are traveling over most of the United States, but the core of their visit is Ellwood City.

Gerald Anderson Is Grove City College Junior Class Officer

In recent class elections at Grove City College, Gerald H. Anderson, son of Elmer A. Anderson, 728 Cleveland avenue, was elected vice president of the Junior class for next year.

Mr. Anderson is very active on the campus and is a member of the Webster Literary Club, Collegian Staff, Commerce Club, Band, Adelpheos Fraternity, Radio Club, Oujia Staff, and College Choir.

Mme. Minister Mesta Pleased

NEW YORK, May 29.—Mme. Minister Perle Mesta's cup runneth over.

In her wildest dreams, the minister to Luxembourg never envisioned herself as (1) a full-fledged diplomat with a dispatch case and found and (2) the heroine of a Broadway musical comedy.

"I find both situations very exhilarating," Mme. Minister said yesterday as she sat in her hotel drawing room, filled with lilacs sent by a Miss Margaret Truman, a friend from Independence, Mo.

Far from being annoyed, the minister finds it "very gay" to be the central figure in "Call Me Madam," a musical comedy with book by Howard Lindsay and Russel Crouse, music by Irving Berlin, production by Leland Hayward and direction by George Abbott, all of which constitutes theatrical class with a capital "K."

Is Delighted

Furthermore, Mme. Minister is delighted that Ethel Merman, the singing non-pariel, is to be Mme. Minister of the Broadway production.

"I can't imagine anyone I'd rather have 'do' me than Ethel Merman," said Minister Mesta, in navy blue cut-away and matching skirt and a chic close-fitting homing of pale beige straw and veiling, worn with beige gloves.

"I've always been crazy about her. I saw one of her shows five times—the one with the song 'I Get No Kick From Champagne, Alcohol Doesn't Thrill Me At All' (Ed's note: Song 'I Get a Kick Out Of You' from Cole Porter show 'Anything Goes')."

Mme. Minister Mesta sails on June 7 aboard the SS America to return to her European post. And, she said, despite rumors, Margaret Truman is not returning to Luxembourg with her.

Once the biggest and best party-giver and hostess in Washington, D. C., Mrs. Mesta said that during her current visit home, her first since she was appointed to her post a year ago, she has had no time for private parties except a dinner given in her honor at Blair House by her old friends, Pres. and Mrs. Truman, and a luncheon on board the presidential yacht Williamsburg, given in her behalf by Mrs. Truman.

"I've been putting in an eight-

hour day at the department of state ever since I came home," she explained. She said her most important duties in Luxembourg are the long reports sent to Washington twice weekly on anything and everything that pertains to western Europe.

"Luxembourg is a wonderful listening post in the center of Europe," she added, "and I insist that without the Marshall plan, we'd have communism in much of western Europe."

If she is in line to be elevated to the rank of ambassador in tiny Luxembourg, or if she is to walk off with the juiciest diplomatic plum of them all—the ambassadorship to the court of St. James—no one, but no one, has mentioned such news to Mme. Minister, she insisted.

"I couldn't be happier than I am if I were an ambassador," Minister Mesta declared, snapping her fingers at rumors of promotion.

Her "open house" for all American G. I.'s in Europe who can get to Luxembourg on the first Saturday of each month has grown so tremendously that she expects a minimum of 1000 American boys each month throughout the summer.

"They get the same kind of champagne I serve to princes and potentates," she said firmly. "But know those boys would rather have milk. They taste the champagne, but it's the milk they really want and I order it by the ton."

In addition to milk, Mme. Minister tries to fill the boys up on a buffet that stresses such American dishes as baked Virginia ham, ice cream and home-made apple pie.

Furthermore, Minister Mesta writes home to the parents of any G. I. who wants her to do so.

AND HOW!

History tells us that the then newly founded Republican party, during the years 1860-74, preserved the constitution, prosecuted the war, abolished slavery, reconstructed the government by returning the seceding states, abolished many political abuses and refunded the national debt. It looks like the whole job will have to be redone and by the same party.—Carrollton, O., Journal.

A lot of guys cast a best-dressed woman vote for the lady without a girdle, in a comfortable house dress, wearing an apron and holding a pan of hot biscuits just removed from the oven.—St. John News, Kan.

Statistics indicate college graduates will have tough sledding finding jobs this year. And so ends that brief, glittering era when one could believe baccalaureate addresses.—St. Louis Globe-Democrat.

Ellwood Principal Will Go To Warren

Gerald M. Newton, principal of the Lincoln high school in Ellwood City for the past three years, will assume his new duties in the Warren, Pa., public schools in September. Mr. Newton's resignation takes effect immediately, completing 15 years' service in the Ellwood schools.

His new position will make him director of instruction and curriculum in the 12 grades of the Warren public schools. Plans for replacing Mr. Newton are indefinite, it is announced.

Dr. Chandler M'Millan Gets Beaver Position

Announcement has been received here of the appointment of Dr. Chandler B. McMillan, former principal of the Bessemer high school to superintendent of schools at Beaver, Pa. Dr. McMillan left Bessemer to accept a position as principal in an Allegheny county high school.

NEW FIRE BOXES

PHILADELPHIA—(INS)—Philadelphia will sport new automatic fire boxes this year, replacing more than 1,200 old-style fire alarm boxes.

Supplementing the boxes will be the fire bureau's two-way radio

system, which will be operated by the fire alarm communication division of the electrical bureau.

All police call boxes will be equipped with outside keys, permitting the public to use them in emergencies. Identification lights and signs will be installed over all fire and police call boxes.

Causes of Deafness Told in Free Book Available to Public

What science knows about the causes of deafness, and how this knowledge can be used to help the hard of hearing lead happier, fuller lives, are the subjects of a free booklet available from Audivox, Inc., successor to Western Electric Hearing Aid Division.

This booklet contains a great deal of valuable information supplied by Bell Telephone Laboratories, world-famous for their research in problems of sound and its application to better hearing. Written simply and clearly, it tells steps that can be taken to help overcome hearing difficulties.

You may have a copy for the asking. All any hard-of-hearing person has to do is write for this free, illustrated booklet to Audivox, Inc., Dept. 226-G, 259 West 14th Street, New York 11, N. Y.

DEADLINE EXTENDED

Senators Defeat Vandergrift Twice Over Weekend 10-7, 14-10

Open Three-Game Series At Youngstown, O., Tonight

New Castle's hard-hitting hustling young Senators, batted out 30 hits over the weekend, and scored 24 runs, in winning from Vandergrift Saturday 10-7, and Sunday 14-10.

Tonight, the New Castle team will open a three-game series at Youngstown, Ohio at 8 o'clock with The Athletics. There will be a double-header Tuesday (Memorial Day), an afternoon game at 2:30, and a night-game at 8 o'clock.

The Senators failed to pick up any ground over the weekend, but still maintain their lead of a game and half, but it's over Butler not Oil City, as the Refiners had trouble with Youngstown yesterday losing 9 to 6, after winning Saturday 12-4, while Butler socked Niagara Falls twice over the weekend 7-3 and 11-1, to pass The Refiners. Erie is in fourth place 3 games back.

Wagner And Zedalis Winners

The veteran Frank Wagner hung up his first win of the year Saturday night at Vandergrift relieving Neal Marino in the third and allowing but four hits over the 5½ innings he toiled. Stan Zedalis got his fourth win of the year yesterday, against one defeat, by hurling an eight-hitter.

Manager Chuck Cronin has Churchill, Becka and Rossman ready for the Youngstown series.

Kiel, Famiglietti Smack Homers

Herman Kiel ran his home run total to six Saturday night at Vandergrift, banging one in the sixth, with two mates aboard, to provide the winning margin. Tommy Famiglietti hit two terrific homers Sunday, his first of the year, a bases-full clout in the fourth inning to break a 3-3 tie, and his second in the sixth with none on.

All of The Senators fattened their batting averages over the weekend. Eikenberg Sunday having four for five to lead The Senators. New Castle's front-runners today sport 15 wins and 6 losses.

Dondero Out Of Slump

Danny Dondero, New Castle's crackjack second baseman emerged from his batting slump in the Vandergrift series over the weekend, getting four for ten trips, three of them yesterday and one for five Saturday. Dondero has been perturbed over his failure to help out offensively, but has been doing one swell job in the defensive department.

The Senators have three potential home run hitters on the club now—Kiel 6, Mouton 2, Famiglietti 2.

Kiel over the weekend blasted home eight runs, on his three run homer, two long flies and a single and long fly Sunday. Kiel is among the RBI leaders in the league, and also the home run hitters.

Dunderman Looks Great

Cronin has been using Albert "Moose" Dunderman at first base and the big lad is responding nicely, and at the plate is also asserting himself, a rousing double Saturday starting the big uprising in the third inning in which the Senators got four runs. Dunderman can also handle himself well back of the plate, when "Old Workhorse" Bill Horne needs a relief.

The Senators continue to be the talk of the league with their hustle and alertness and "never-say-die" spirit, being behind to these kids means nothing, they always come through when the going gets tough, and that's the reason they are riding the top rung.

Erie Here Wednesday
The Erie Sailors will move into Flaherty Memorial Field for a three-game series starting Wednesday. Thursday will be "Ladies Day" it was announced, the fair

Five Billion Dollar Tax Cut Proposed

WASHINGTON, May 29.—(INS)—A five billion dollar tax cut was proposed by Brookings Institution today as a business stimulant.

The noted research organization made public a report recommending drastic reductions in corporation and upper bracket individual income taxes to provide incentives to business expansion.

Lewis H. Kimmel, who wrote the report, opposed sharp reductions in excise and other sales taxes and suggested some increase in the bottom bracket income tax as a means of providing the government's revenue needs.

Roumanian Fiancee Of Errol Flynn Is Returning To Europe

HOLLYWOOD, May 29.—(INS)—Errol Flynn's beautiful Roumanian fiancee, Princess Irene Ghica, who arrived in the United only a short time ago, is already returning to Europe.

The actor said today that she has been called to Paris by the illness of her mother.

There was a rumor she was leaving at the request of the State Department, since she is from a behind-the-iron-curtain country whose nationals are no longer admitted to the United States, but Flynn flatly denied this.

The star said he was leaving for Paris himself as soon as he completed his current picture some weeks hence and the princess would be married there in September.

Makes 54 Parachute Jumps In One Day

CLINTON, N. C., May 29.—(INS)—Pfc. Neil Stewart, 22-year-old Fort Bragg paratrooper, rested today from his exertion in making 54 parachute jumps in a futile attempt to set a new world mark of 76 leaps in one day, but vowed he would try again.

Before he fell asleep after his 54th leap at the Clinton airport when friends stopped him yesterday, the Birmingham, Ala., soldier vowed:

"I know I can beat the record. I'm going to try again as soon as I get a chance."

Spring Program At Rose Avenue

Sixth Graders
Honored At Event

A spring festival and program was the special event at the Rose Avenue school when mothers and friends gathered to honor the members of the Sixth grade graduating class.

Under the direction of Miss Veralee Armstrong and Miss Helen Leslie, an entertaining musical program was presented in the school's auditorium.

Thanks Expressed

Using a clever radio broadcast as the theme, Jack Ort and Vincent Lombardi were the announcers for the occasion. Carol Sarbo welcomed the parents, and thanked the principal, John Cornelius, teachers, Mr. Rowald, and Mrs. McWilliams for their cooperation and help during the year.

Three choral readings were first presented by both sections of the fifth grade, with Joy Caven, Nancy Lundy, and Goldie Warnock announcing the numbers. The sixth grade, under the direction of Miss Tillia, entertained with two square dances. Fourth, fifth, and sixth grades, making a chorus of 85 voices, sang eight numbers, directed by Miss Leslie. David McAllister, Kathleen Parks and Clifford Clark then announced the choral readings to be given by the fourth grade pupils.

Two selections were then played by Eddie Stitt at the trombone. Kenneth Carr, trumpet, and Jack Ort, saxophone.

The second part of the program featured a play entitled "Mother Goose Island." Act one brings to life a teacher and her pupils, with Serena Rashid as the teacher and the pupils, Philip Fava, Jerry Navarra, Theodore Chrobak, Eddie Stitt, Norman Kirkwood, Lois Forkey, Nancy Ray, Roberta Schell, Gladys Abraham, Carol Shenker, Cynthia Simone, Dixie Bishop, Sylvia Watkins, and Virginia Widney.

Mother Goose

During intermission, Findley Boyd and Richard Dicks presented numbers on the piano and violin. Mother Goose characters appeared in act two. These included Victorio, Ranucci, George Schlumberger, George Georgeadis, Tommy Bromley, Angelo Ambrose, Arlo Bromley, Robert Rowe, Angela Capaldi, Audrey Kerr, Dean Michael, Jimmy Eckleberger, Charlotte McMillan, Leroy Maloni, Ronny Reiter, Esther Cleland, David Tucker and Lily Stone. All dressed in typical costumes of the characters they represented.

White, pink and green ribbons were presented to the sixth grade pupils, with the class song, written by Miss Armstrong, as a special feature. A "Song to Our Country" was sung, with Joyce Williams in Girl Scout uniform, and Robert Teel in Boy Scout uniform, holding the flag. Trumpet echoes were sounded by Kenneth Carr.

Football tackling practice dummy was improvised by Amos A. Stagg at Yale university in 1889.
